BLEFA stainless steel kegs at the 2018 Drink Japan

Over the past five decades, BLEFA has made a reputable name for itself in the beverage industry by offering a broad spectrum of products suitable for a variety of applications. BLEFA prides itself on high-quality and consistency when it comes to keg production, as well as offering two highly efficient keg service facilities.

Since 1968, BLEFA has been producing stainless steel kegs for the beverage industry. With 50 years of experience, BLEFA has won the trust and loyalty of breweries around the world, who use our kegs to ensure the safe storage and transport of their product to valued customers.

BLEFA is the worldwide leader in the beverage industry, offering a 30 year warranty on all stainless steel products. BLEFA stand behind our products and are committed to using certified materials and sustainable processes. We compliment this commitment with a well-educated sales team to provide you with superior customer

service. The 30 year warranty is our written promise that you have purchased the most reliable keg of the highest standards that is “Made in Germany.”

If you are interested in learning more about BLEFA´s high-quality, German - manufactured kegs and superior keg service please visit our website at: www.blefakegs.com.
